## Why Buy From Airbeds Online.com?

Here are just a few of the things that make our company great. Buy with confidence at Airbeds Online.com.

You can always depend on the lowest prices in the business. Compare us with any other manufacturer, and you'll find that we offer the best value on the internet.

Because we sell in our brick and mortar store and online, we can offer much greater features and much better pricing than you see in expensive malls.

Our 20-year warranty is the best in the industry, and because all of our beds are modular, you can expect quick turnaround of warranty issues.

It's a simple idea: if only one part of the bed needs to be replaced, just replace the part...not the whole bed. This mindset, along with better engineering, helps us reduce the cost and timeframe of warranty claims, and allows us to pass those savings on to you.

We are so confident that you will love your new Bed 4 Life Airbed, that we back it up with a 30-night trial. We know that any new bed takes up to 2 weeks to get used to, so you'll have more than enough time to make sure this is the bed for you.

We have partnered with UPS as the leader in parcel delivery in the United States. All of our bed components are shipped via UPS, eliminating the hassle and expense of Freight Shipments. This make delivery a snap!

Also, if you have to return your mattress (or exchange a component under warranty), you can conveniently use your local UPS Store.

---

That's right, our Bed 4 Life lineup (every component, right down to the stitching thread) is made entirely in the United States of America. Our factory has been around for 30 years, providing high-quality beds and materials for the medical, hospitality and retail industries.

Check with our competitors to see where their beds come from. If you want the best America has to offer, buy with confidence from Airbeds Online.com. Your purchase is helping sustain the strength of U.S. manufacturing and the jobs of American workers and their families.
